

**Single Facts:**

After various successes as producers, Kevin Zuber and Maciej Puchalski are now releasing their first own track under their already known synonym

on **July 2nd, 2021**.

So far mainly responsible for the success of other artists, they are now starting their first solo project with "**Gravity**".

**Gravity** is a deeper dance / sleep house track with e-guitar elements. Top line works very mainstream. Due to the clearly defined elements and the tempo of 128 bpm, the track is pleasant and not demanding, but still propels you forward. Designed for a broad target group, it is an ideal entry point and the beginning of a new story from Pelican Songs.
